[About hbbs](#)  
[Programmes](#)  
[Collection](#)  
[Participate](#)

This isn't another link dump, nor is it an all-you-can-eat streaming site. We have files and we want to share them. The homebrew bioscoop offers programmes made by viewers, for viewers. Our programmes are curated playlists of films in our collection. Playlists that encourage play, sociality through the things we share. Download a programme, watch it, make a programme, share it.
